## Introducing MD V5.1 Powerful Cloud CRM Database Solutions

**/MarketDeveloper**

### ...Is Convenient and Effective

MD v5.1 is a Cloud based CRM software that acts as a hub for all marketing data and information, stored in a clear, simple and easy to use way. As a company we offer a range of services and expertise to ensure you always get the most out of your data. The key to our latest software is flexibility; everything we do is modified and tailored to suit your company's specific needs. All the services we provide are done with Zero Effort Implementation (ZEI) meaning our involvement with your marketing needs can range from a self service option to you sitting back, relaxing and letting our friendly and professional team handle every stage of the process. Once set up, our solutions can be easily modified and upgraded at your request.

### ...Is a Cloud Application

As a **Cloud application**, MD V5.1 can be accessed anywhere, with absolutely no need for expensive and invasive in-house commitment on your part.

Whether on a PC, Mac or tablet computer, as long as there is an internet connection there is access to our state of the art system.

All of our clients' applications and databases are run from our own super secure UK based Data Centre so you can guarantee your information is safe. A record is kept of where every item of information originated from, ensuring compliance with Data Privacy laws is no issue.

### ...Ensures Quality Data

Thanks to our ultra powerful ETL (Exchange, Transfer and Load) technology, MarketDeveloper v5 avoids all the usual pitfalls of database marketing, ensuring that even the most potentially problematic data is kept clean, up to date and efficient.
